

MEMORANDUM

To; J. D. McLean

September 27, 1965

From: Peyton A. Cramer

Subject: Alan Mann

The other day I spoke with Alan Mann concerning the Cobra Daytona Coupes, Fiat race van and other parts which he has of ours and used for the race program in Europe this season. Alan Mann promised to compile, within the next two weeks, a complete inventory list of all items he has that are owned by Shelby American. In addition, he will have completed a final accounting for the race program. Alan Mann anticipates that he will exceed the \$ 60,000 advanced to him at the beginning of the season by approximately £ 8,000. At the time, the inventory and final accounting is sent to us. Alan Mann will make an offer for buying everything from us. It is my recommendation if we can recover anything over £10,000 for everything he has, excluding the one Cobra Daytona Coupe which we are to use for show purposes, we should let him have it.

For your information I have attached the original contract made between Alan Mann and ourselves.

Peyton A. Cramer
