Dear Mike:

The COBRA-FERRARI WARS arrived today, they are magnificent. A tribute to the years of work that you've put into them.

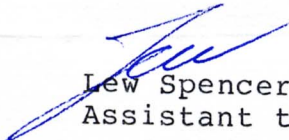

I've only been able to ramble through so far, but will take it home tonight and start to devour it.

Carroll is in the hospital, in intensive care, waiting for his heart transplant. I'll get his copy to him, know it will give him a great boost.

Al has retired, now living in Eugene, Oregon, have sent his off to him UPS overnight, know how thrilled he'll be to get it.

Thanks so much for my copy, I'll treasure it.

Sincerely,

Lew Spencer
Assistant to Mr. Shelby
